

The mask has an inner (lining) and outer fabric. The inner lining is on the inside of the mask and rests against the face. The outer fabric is the exposed side. Both pattern pieces will be used.

Refer to the instructions below.

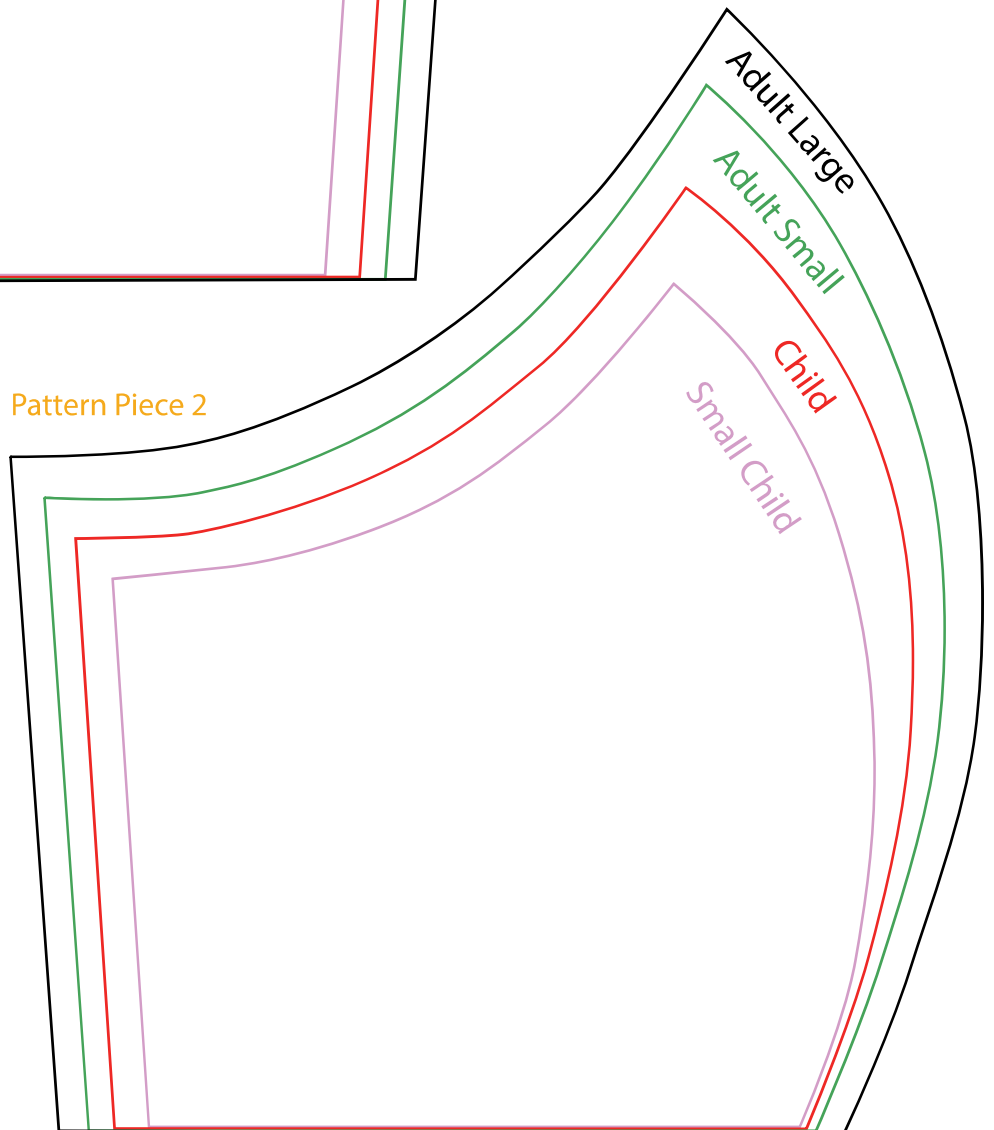

STEP 1

From [pattern piece 1](#), cut 1 layer of inner (lining) fabric and 1 layer of outer fabric - print side up.

STEP 2

From [pattern piece 2](#), cut 1 layer of inner (lining) fabric and 1 layer of outer fabric - print side up.

Pattern Piece 2

A total of 4 pieces of cut fabric are used per mask -

2 pieces of inner (lining) fabric
2 pieces of outer (exposed) fabric
